

Your generosity is at the heart of our achievements!
2014-2015 Annual Report

Message from the Foundation Chairman

The Foundation's continuing purpose is to contribute to the achievement of the Chaleur Regional Hospital's priority projects in the best interest of the facility's patients and their families. Since its beginning 25 years ago, the Foundation has donated over \$12 million to the Chaleur Regional Hospital for projects estimated at \$27 million. It is significant testimony to our partnership with the community!

Over the past year a total of \$940,428 was invested in over 24 different departments and projects. The purpose is always to improve the health care services provided to the public.

The Foundation is fortunate to be able to rely on a team of devoted volunteers as well as on the community's generosity. Here are some of the activities held over the past year and the individuals who were chiefly responsible for their success: Annual Campaign (Jennifer Henry), Roses Radiothon (Irène Thériault), Northern Star (Annie Cyr), annual golf tournament (Brian Fitzpatrick), Evening of Roses (Géralda Richard), Ride with Friends (Danielle Lagacé and Lynn Roy), and 10 K Chaleur (Mario Boudreau and Denis St-Onge). Thank you for your commitment!

The Foundation is always striving to work better and aim higher to be able to give more to the hospital. The Foundation will shortly be launching the most important campaign in its history to take part in the purchase of equipment as part of the major renovation project at the hospital. We have faith in the support of our partners to help us meet new challenges.

Thanks to all our partners: veterans for their loyalty and never-ending trust and newcomers for inspiring us with hope of seeing our cause at the heart of collective priorities.

Chairman of the Board of Directors,

Jean-Guy Robichaud

We are proud to be able to say that the Foundation gave the Chaleur Regional Hospital a total of \$940,428 over the past fiscal year.

Patient care services (79%): \$745,223
Training and other (12%) : \$109,980
Diagnostic services (9%) : \$85,225

Message from the Chief Operating Officer, Acadie-Bathurst Zone

We can never say it enough: the Foundation is a key player in the success of the facility's major projects. Its financial support over the years made it possible to purchase many devices in various fields. Local residents benefit from it on a daily basis with access to modern facilities that meet their needs.

2014-2015 saw many events and investments. I would like to take this opportunity to congratulate and express my appreciation to all partners who have participated in this success.

I join the Foundation in highlighting the outstanding work done at the hospital, day after day, by skilled and devoted professionals who have broad experience and make patients one of their top priorities. We thank them sincerely for all the work they do. Their devotion unquestionably contributes to increasing the visibility of the facility. The facility's dynamism, paired with that of the Foundation, allows us to provide the highest level of care and services to the public. Together we will be able to brilliantly meet the important challenges that will come up over the next few years.

The staff and physicians of the Chaleur Regional Hospital also join me to sincerely thank the Foundation's team and their generous donors. Thank you for these investments that benefit users and contribute to creating a sense of belonging and relationship of trust between the hospital and community.

Chief Operating Officer, Acadie-Bathurst Zone

Stéphane Legacy
