Our Hospital, at the Heart of our Community!

On behalf of the Board of Directors, we are pleased to present to you the 2013-2014 Annual Report of our Foundation.

The Foundation is the key philanthropic partner of the Chaleur Regional Hospital and the two of them team up to offer you the best possible health care services. We must remember that our hospital is often the first place we turn to in case of need and most people in our region who require health care services receive them here, in our region.

We are proud to be able to say that the Foundation gave the Chaleur Regional Hospital a total of \$895,268 over the past fiscal year.

- Patient care services (64%): \$569,644
- Diagnostic services (32%) : \$289,930
- Training and other (4%) : \$35,694

From its beginnings in 1990, the Foundation has invested \$11 million in your health. Thank you for your confidence and support. Your generous contributions are a reflection that our hospital is at the heart of our community.

We also want to thank all caregivers, sponsors, volunteers, employees and physicians who have contributed over the years to making the Chaleur Regional Hospital the health care facility it is today. Every action counts.

We know that a number of challenges remain. However, with the successful completion of a major renovation project of our hospital, most of these challenges could be met. Improvement and access to quality health care services in our region must remain a priority, now more than ever.

Chairman of the Board of Directors,

Jean-Guy Robichaud
